

Trans-Amazon Expedition

Student Response: April 7, 2007

Name _____

1. List three types of transportation that the team has already used in Notes from the Trail.

2. What does "migration" mean in Notes from the Trail? What are some animals that migrate?

3. Using Notes from the Trail, name two of the most common methods of transportation in the Amazon.

4. What group of people is described in Cultural Connections? Where do these people live?

5. Using context clues in Cultural Connections, what do you think a medicinal plant is?

6. Cultural Connections describes three different activities the Bora people do. What are these activities? Which one would you like to learn more about?

7. In Cultural Connections, the author states that the Bora people are proud of their culture. What example does he give of how the Bora are preserving their culture?
