

# Trans-Amazon Expedition

## Student Response: November 3, 2008

Name \_\_\_\_\_

1) Notes From the Trail discusses food chains this week. What do carnivores, herbivores and omnivores eat? Which one are you?

---

---

---

---

---

---

2) List a food you think of that comes from each of the continents, except Antarctica!

---

---

---

---

---

---

3) On the back of this paper, illustrate a food chain from the Amazon rainforest. Remember to include a plant and at least two animals. Use the Amazon Library to help you.

4) List the steps in processing farina, using Cultural Connections as your guide.

---

---

---

---

---

---

5) What is a processed food that you eat? How is it processed?

---

---

---

6) How do you think that farina is distributed around Brazil? What types of transportation might be used to distribute farina?

---

---

---

---
