Student Response Worksheet

January 27, 2014

Where do beavers go in the winter?

<http://www.wildernessclassroom.com/boundary-waters-beavers/>

1) Why do you think beavers build lodges?

2) How do beavers alter their environment?

3) Why would beavers not want to wander above the ice on their ponds in the winter?

4) List the main predators of beavers.

5) How can you detect if beavers are in a lodge in the winter?

Bonus: If you were a beaver, how would you choose where to build your lodge? Please explain why. Construct your own beaver lodge.
