Student Response Worksheet (Lower)
September 15, 2014 Notes from the Trail
The Fish of Lake Superior

<http://www.wildernessclassroom.com/fish-lake-superior/>

1) There are _____ fish species native to Lake Superior.

2) Amy describes four different fish. Name two of the fish that live in Lake Superior.

_____ , _____

3) Why are sea lampreys kind of like vampires?

4) If you could be one of the four fish Amy described, what fish would you be? Why?

5) What is the difference between a native species and an invasive species?

Bonus: Pick your favorite Lake Superior fish and draw it on the back of this page. (Hint: if you want to be extra adventurous, you could follow the first link and learn about a fish that Amy didn't talk about.)
