Student Response Worksheet (Lower)
December 1, 2014 Notes from the Trail:
Crabs and Shellfish in Chesapeake Bay

<http://www.wildernessclassroom.com/crabs-shellfish-chesapeake-bay/>

1) _____ crabs have blue-tinted claws.

2) Arthropods have _____, or skeletons on the outside of their bodies.

3) Where do barnacles live?

4) What do blue crabs like to eat?

5) Have you ever seen a crab, shrimp or other shellfish? What did it look like? Where did it live?

Bonus: Draw a picture of one of the animals from the list on the back of this page.
